

## SITRAIN-India (Siemens Training, Industry Sector)

### Future-Oriented CNC Training

A team of qualified professionals is a decisive success factor in the metalworking industry. Trained CNC operators and programmers are the key to increased productivity. Innovative, efficient and holistic solutions are a must to help the trainees be optimally prepared to perform their tasks quickly and efficiently. Siemens offers effective and integrated training solutions, encompassing all requirements.

### Siemens CNC Training

Siemens Motion Control Courses are held at our Eklavya Training Center in Bangalore. These classes are small by design and are led by experienced Siemens personnel as well as by qualified external faculty with extensive background in Machine Tools. Fill this registration form and send it to us via fax or courier. Alternatively, our training partners can be contacted for more details.
